REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

1. Claims 1-6 are pending and are allowed.
2. The rejection of claims under 35 USC 112, 1st paragraph is dropped, as applicant's remarks are persuasive.
3. Nicotinic receptors are known to participate in attention, memory, Alzheimer's, Parkinson's, Tourette's. See Mihailescu et al, Nicotine, Brain Nicotinic Receptors, and Neuropsychiatric Disorders, Archives of Medical Research 31 (2000) 131-144. See abstract, introduction. Mihailescu et al, Nicotine and brain disorders. PMID: 11263271 (200).

The claimed compounds are ligands for nicotinic receptors and are therefore useful in the treatment of the above conditions associated with the nicotinic receptor.

4. The prior art neither teaches nor suggests the claimed compounds. In the absence of any evidence or apparent reason why the claimed compounds do not possess the disclosed utility, the allegation of utility in the specification must be accepted as correct.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
